PATENT APPLICATION ASSIGNMENT

This Assignment is made and entered into by and between Derek Mitsumori, residing at 9 Fuller Road, Lexington, MA 02420 ("Assignor"), and Level 3 Communications, LLC, a limited liability company organized and existing under the laws of the state of Delaware, also having its principal place of business at 1025 Eldorado Blvd, Broomfield, CO 80021 ("Assignee").

WHEREAS, Assignor is an inventor of a certain new and useful invention entitled "SYSTEM AND METHOD FOR MONITORING COMMUNICATIONS IN A NETWORK," for which an application for Letters Patent of the United States has been prepared and filed on 29 July 2003, receiving Application No. 10/629,521 and which invention further includes foreign counterparts thereof, any inventions described therein, all continuing applications, reissues, divisions, continuations, continuations in part, extensions, renewals and reexaminations thereof and any other form of industrial property protection relating to the foregoing in the United States and throughout the world (collectively, "the Patents");

WHEREAS, pursuant to a certain employment agreement and/or arrangement between Assignor and Genuity Inc. ("Genuity") and/or one of its affiliates, Assignor agreed to assign all of its right, title and interest to Genuity for any intellectual property created while employed at Genuity, which intellectual property included, without limitation, the Patents (hereinafter, "the First Conveyance");

WHEREAS, Assignee is the successor in interest to all of the rights and interests to and in the Patents pursuant to a certain Asset Purchase Agreement dated as of November 27, 2002 between Genuity, Assignee and Level 3 Communications, Inc., a Delaware corporation ("Level 3 Parent"), and/or one or more subsequent agreement(s) between Assignee and Level 3 Parent ("the Second Conveyance");

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor agrees as follows:

Assignor hereby sells, assigns, conveys, transfers and sets over unto Assignee its successors and assigns (to the extent not already sold, assigned, conveyed or transferred to Assignee in connection with the First Conveyance and the Second Conveyance), all of Assignor's right, title and interest in the Patents and the right to sue for and obtain past, present, and future damages (including, without limitation, lost profits, reasonable royalties and any available statutory remedies) and unjust enrichment and/or restitution, for past, present and future claims, suits and actions, known and unknown, against third parties arising in connection with infringement of any of the Patents prior to the date hereof (collectively, "the Patent Rights"), the Patent Rights to be held and enjoyed by Assignee for its own use and benefit, and for the use and benefit of its successors, assigns or other legal representatives, fully and entirely.

Assignor hereby covenants and agrees with Assignee, its successors and assigns, that Assignor will not execute any writing or do any act whatsoever conflicting with this

Assignment, and that Assignor or its successors and assigns will, at any time upon request, without further or additional consideration, execute such additional writings and do such additional acts as Assignee, its successors and assigns, may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on the Patents, and will give testimony in any proceedings or transactions involving the Patents.

Date: 1/21/2008
